Ankit Meshram

✉ **ankit_b190688cs@nitc.ac.in**   📱 **9834780235**   📍 **Calicut**

I am an arduous, curious and self-motivating individual looking for opportunities in organisations that provide me a platform to showcase my skills and contribute to the build system. I am specifically looking for a role involving Python and its sister frameworks in both analysis and full-stack roles.

EDUCATION

BTech in Computer Science & Engineering   CGPA: 6.62

NIT Calicut   08/19 - 06/23

HSC   Percentage: 77.8%

Nanaji Joshi Junior College   07/17- 07/19

TOP PROJECTS

Wordcloud:
- It is a program to count the number of words in given word file and display most occurring words as a wordcloud image.
- Used Wordcloud, Matplotlib & Fileupload libraries.
- Removed basic uninteresting words using logic loops

Avengers Game:
- It is a game developed with the help of Pygame library.
- Designated background, sound themes, logos.
- Coded infinite loops, user keypress and other coordinate based coding for the game.
